Master of Excellence II

EXTETA

EN Living without boundaries translates into a vision of inhabiting where the en plein air world becomes a source of inspiration, sensoriality, and sharing. An open horizon that invites freedom, discovery, and the authentic pleasure of experiencing every space with intensity. Exteta has transformed this ideal into an art form, redefining outdoor living as an immersive and profound experience, in constant dialogue with the landscape — natural or architectural — creating a fluid balance between inner life and the horizon. An aesthetic that transcends physical boundaries and is expressed through materials and atmospheres capable of forging lasting, authentic connections. Exteta's creations embody this philosophy: pure expressions of elegance, material research, and artisanal savoir-faire, interpreted through tailor-made design that adapts naturally to any setting. Each collection is born from a careful selection of noble materials to ensure resistance and long-term durability. Finishes — reminiscent of ancient techniques, still applied by hand — give each piece its own identity, while continuous experimentation with form enhances their aesthetic character. Thus arise furnishing scenarios that speak the language of excellence — in performance, quality, and style. True to this identity, the brand has shaped an outdoor lifestyle that reflects the charm of the indoor world. Anticipating contemporary design trends, Exteta has dissolved the boundary between inside and out, creating a seamless, harmonious dimension. Spaces blend through compositions that mirror style and materials, balancing functionality with absolute comfort. It's a celebration of living: the softness of padding, the tactile allure of natural surfaces, and the enveloping sensation of hospitality refined in every detail. A design narrative that elevates conviviality and the art of living with a style that is exclusive, essential, and elegant.

IT Il vivere senza confini si traduce in una visione dell'abitare in cui il mondo en plein air diventa fonte di ispirazione, sensorialità e condivisione. Un orizzonte aperto che invita alla libertà, alla scoperta, al piacere autentico di vivere ogni spazio con intensità. Exteta ha trasformato questo ideale in una forma d'arte, ridefinendo l'outdoor living come esperienza immersiva e profonda, in dialogo costante con il paesaggio — naturale o architettonico — generando un equilibrio fluido tra interiorità e orizzonte. Un'estetica del vivere che trascende i confini fisici e si esprime attraverso materiali e suggestioni capaci di creare connessioni autentiche e durature. Le creazioni Exteta danno forma a questa filosofia: espressioni di eleganza, ricerca materica e savoir-faire artigianale, interpretate da un design *tailor made* che si adatta con naturalezza a ogni scenario. Ogni collezione nasce da una selezione di materiali nobili, per garantire resistenza e durata. Le finiture — evocative di tecniche antiche, applicate a mano — conferiscono unicità a ogni pezzo, mentre la sperimentazione sulle forme ne esalta l'identità estetica. Nascono così scenografie d'arredo che parlano il linguaggio dell'eccellenza, in termini di performance, qualità e stile. Fedele a questa identità, l'azienda ha dato vita a un outdoor lifestyle capace di riflettere il fascino dell'indoor. Anticipando le tendenze del design contemporaneo, Exteta ha dissolto il confine tra interno ed esterno creando una dimensione coerente e armoniosa. Gli spazi si fondono in composizioni che replicano stile e materiali, in equilibrio tra funzionalità e comfort assoluto. Si celebra il piacere di vivere: la morbidezza delle imbottiture, la tattilità delle superfici, la sensazione avvolgente di un'accoglienza curata nei minimi dettagli. Un racconto di design che esalta convivialità e arte dell'abitare con uno stile esclusivo ed essenziale.

OPEN HORIZONS

EN Exteta's 2026 collection is the perfect representation of its philosophy, constantly balancing elegance and performance. With its distinctive artisanal savoir-faire and boundless creativity, the company expresses its vision of outdoor living through new designs, expanded collections, and exclusive collaborations. The artistic direction of Arianna Lelli Mami and Chiara Di Pinto, founders of Studiopepe, sensitively and coherently orchestrates every element, bringing together different poetics into a harmonious vision.

"Attention to detail, technical research, and formal study are the foundation of every product and represent Exteta's signature," says Studiopepe. "Every detail speaks of love and passion, and we share this attitude in our work as designers and architects."

Among the key names in the new collection are Massimo Castagna and Paola Navone OTTO Studio, with projects that best embody the brand's free and sophisticated spirit. Exteta also continues to build on high-profile collaborations that broaden its design horizons and creative expressions: most notably, its partnership with Parisian architect Maxime d'Angeac, Creative Director of Orient Express since 2021, gave rise to *Al Mare*, a furniture collection designed for the

IT La collezione 2026 di Exteta è la perfetta rappresentazione della sua filosofia, costantemente in equilibrio fra eleganza e performance. Con il suo distintivo savoir-faire artigianale e una creatività senza confini, l'azienda racconta la sua visione dell'outdoor living attraverso nuove proposte, ampliamenti di collezione e collaborazioni esclusive. La direzione artistica di Arianna Lelli Mami e Chiara Di Pinto, fondatrici di Studiopepe, orchestra con sensibilità e coerenza ogni elemento, unendo poetiche differenti in una visione armonica. «L'attenzione al dettaglio, la ricerca tecnica, lo studio formale sono alla base di ogni prodotto e sono il tratto distintivo di Exteta. Ogni dettaglio parla di amore e passione e condividiamo questa attitudine nel nostro lavoro di designer e architetti», dichiara Studiopepe.

Tra i protagonisti della nuova collezione spiccano i nomi di Massimo Castagna e Paola Navone OTTO Studio, con progetti che esprimono al meglio l'anima libera e sofisticata del brand. Exteta prosegue inoltre sull'onda di collaborazioni di alto profilo, che ne estendono gli orizzonti progettuali e le espressioni creative: ha lavorato a quattro mani con l'architetto parigino Maxime d'Angeac, Creative Director di Orient Express dal 2021, per la realizzazione di

“Attention to detail, technical research, and formal study are Exteta's distinctive signature.”

“L'attenzione al dettaglio, la ricerca tecnica, lo studio formale sono il tratto distintivo di Exteta.”

STUDIOPEPE

EN *Orient Express Corinthian*, the first of the group's two sailing yachts.

Exteta's new creations therefore arise from diverse sources of inspiration, yet engage with one another in perfect balance, within a harmony of forms, functions, and evocations. These are settings that meet and blend seamlessly, united by a distinctive aesthetic and a language shaped by style, vocation, and personality. Once again, the lines are fluid, organic, inspired by nature, and designed to accompany everyday life. Materials – fine woods, sculpted marbles, refined fabrics – are chosen for their quality and their ability to evoke tactile emotions.

The 2026 collection is guided by a clear design vision – a concept of space and architecture that enhances each piece, allowing it to stand out through its own material and formal identity. The imagined environments are hybrid, open, and free of clear boundaries. Indoors and outdoors blend into a continuous dialogue, where design moves freely in close connection with the surrounding landscape. Partitions don't divide, they embrace: filtering, lightweight surfaces that become the skin of the architecture, creating a refined play of transparencies, solids and voids, light and shadow. This design vision embracing the new products reflects

IT *Al Mare*, una collezione di arredi destinata all'*Orient Express Corinthian*, il primo dei due velieri del gruppo. Le nuove creazioni firmate Exteta nascono quindi da ispirazioni diverse ma dialogano con le altre in perfetto equilibrio, in un'armonia di forme, funzioni e suggestioni. Scenografie che si incontrano e si fondono senza forzature, accomunate da un'estetica riconoscibile e da un linguaggio fatto di stile, vocazione e personalità. Ancora una volta, le linee sono fluide, organiche, ispirate alla natura e pensate per accompagnare la quotidianità. I materiali – legni pregiati, marmi scolpiti, tessuti raffinati – sono selezionati per la loro qualità e per la capacità di evocare emozioni al tatto. Ad accompagnare la collezione 2026 c'è una precisa visione progettuale, un concept di spazio e di architettura che valorizza ogni proposta rendendola protagonista attraverso la propria identità materica e formale. Gli ambienti immaginati sono ibridi, aperti, privi di confini netti. Interno ed esterno si fondono in un dialogo continuo, in cui il design si muove liberamente in stretta connessione con il paesaggio. Le partizioni non separano, ma avvolgono: superfici filtranti, leggere, che diventano pelle dell'architettura, dando vita a un gioco raffinato di trasparenze, pieni e vuoti, luci e ombre. Questa visione

EN Exteta's language: a sensory architecture that conveys the brand's distinctive traits – signature design, refined tactile materials, and masterful craftsmanship. The setting in which the new products take shape is equally material: a measured combination of wood, stone, concrete, natural weaves, and metals.

A multisensory space becomes the canvas where Exteta's artistic touch emerges with depth, energy, and personality. Each product lives as part of the whole, yet also independently – almost nomadic: able to adapt, to move, to rewrite space with elegance and expressive character. Enriched with the latest novelties, the Exteta collection goes beyond furniture: it offers a true lifestyle experience, where comfort, beauty, and functionality coexist effortlessly.

Conceived for the outdoors and the nautical world – contexts where design and performance must always coexist – it also adapts elegantly to indoor spaces, enriching them with its aesthetic value and technical quality. Every piece fits into a broader landscape, in dialogue with the surrounding environment. Whether it's a sea-view terrace, an urban garden, or the deck of a yacht, Exteta designs complete settings, immersed in nature and open to the landscape.

This is how a new way of contemporary living unfolds: sensory, sophisticated, and capable of turning every outdoor moment into an experience to remember.

IT progettuale che abbraccia i nuovi prodotti riflette il linguaggio di Exteta: un'architettura sensoriale che racconta i tratti distintivi del brand – il design d'autore, i materiali ricercati e tattili, la maestria artigianale. Lo scenario su cui i nuovi prodotti prendono forma è quindi altrettanto materico – una combinazione misurata di legno, pietra, cemento, intrecci naturali, metalli: uno spazio multisensoriale diventa la tela su cui il tocco artistico di Exteta può emergere con profondità, con energia, con personalità. Ogni prodotto vive nell'insieme, ma anche singolarmente, quasi nomade: capace di adattarsi, di spostarsi, di riscrivere lo spazio con eleganza e carattere espressivo.

La collezione Exteta, arricchita dalle ultime novità, va dunque oltre l'arredamento: propone una vera e propria esperienza di lifestyle, dove comfort, bellezza e funzionalità convivono con naturalezza.

Pensata per l'outdoor e per il mondo nautico – contesti in cui design e performance devono sempre coesistere – si adatta con eleganza anche agli spazi indoor, arricchendoli con il suo valore estetico e la qualità tecnica. Ogni elemento si inserisce in un panorama più ampio, in relazione all'ambiente circostante. Che si tratti di un terrazzo vista mare, di un giardino urbano o del ponte di uno yacht, Exteta disegna scenari completi, immersi nella natura e aperti al paesaggio. Così si delinea un nuovo abitare contemporaneo: sensoriale, sofisticato, capace di trasformare ogni momento all'aperto in un'esperienza da ricordare.

THE SOUL OF CRAFTSMANSHIP

EN The heritage that inspires, nourishes, and strengthens Exteta is deeply rooted in a land of excellence: Brianza, the historic cradle of fine cabinetmaking and the homeland of Italian design. It is in this region—vibrant with ancient knowledge and contemporary creativity—that the soul of the brand comes to life, shaped by the talent of master artisans and the design ingenuity that have always defined this district. A living legacy, made of precise gestures, passed-down memory, and constant innovation, which is expressed in Exteta's collections as the authentic embodiment of timeless elegance.

Each creation is born from centuries-old know-how, reinterpreted through a gaze fixed on the present: every piece is crafted and finished entirely by hand, in a meticulous process that enhances every detail, every finish, every nuance. Furniture that carries the unrepeatable imprint of the human touch.

IT *L'heritage* che ispira, nutre e dà forza a Exteta affonda le sue radici in un territorio d'eccellenza: la Brianza, culla storica dell'alta ebanisteria e patria del design italiano. È in questa terra vibrante di saperi antichi e creatività contemporanea che prende vita l'anima del marchio, forgiata dal talento dei maestri artigiani e dal genio progettuale che da sempre definiscono questo distretto. Un'eredità viva, fatta di gesti precisi, di memoria tramandata e di innovazione costante, che si traduce nelle collezioni Exteta come espressione autentica di un'eleganza senza tempo.

Ogni creazione nasce da un know-how secolare, reinterpretato con uno sguardo rivolto al presente: i pezzi sono realizzati e rifiniti interamente a mano, in un processo minuzioso che valorizza ogni dettaglio, ogni finitura, ogni sfumatura. Arredi che portano con sé l'impronta irripetibile del gesto umano.

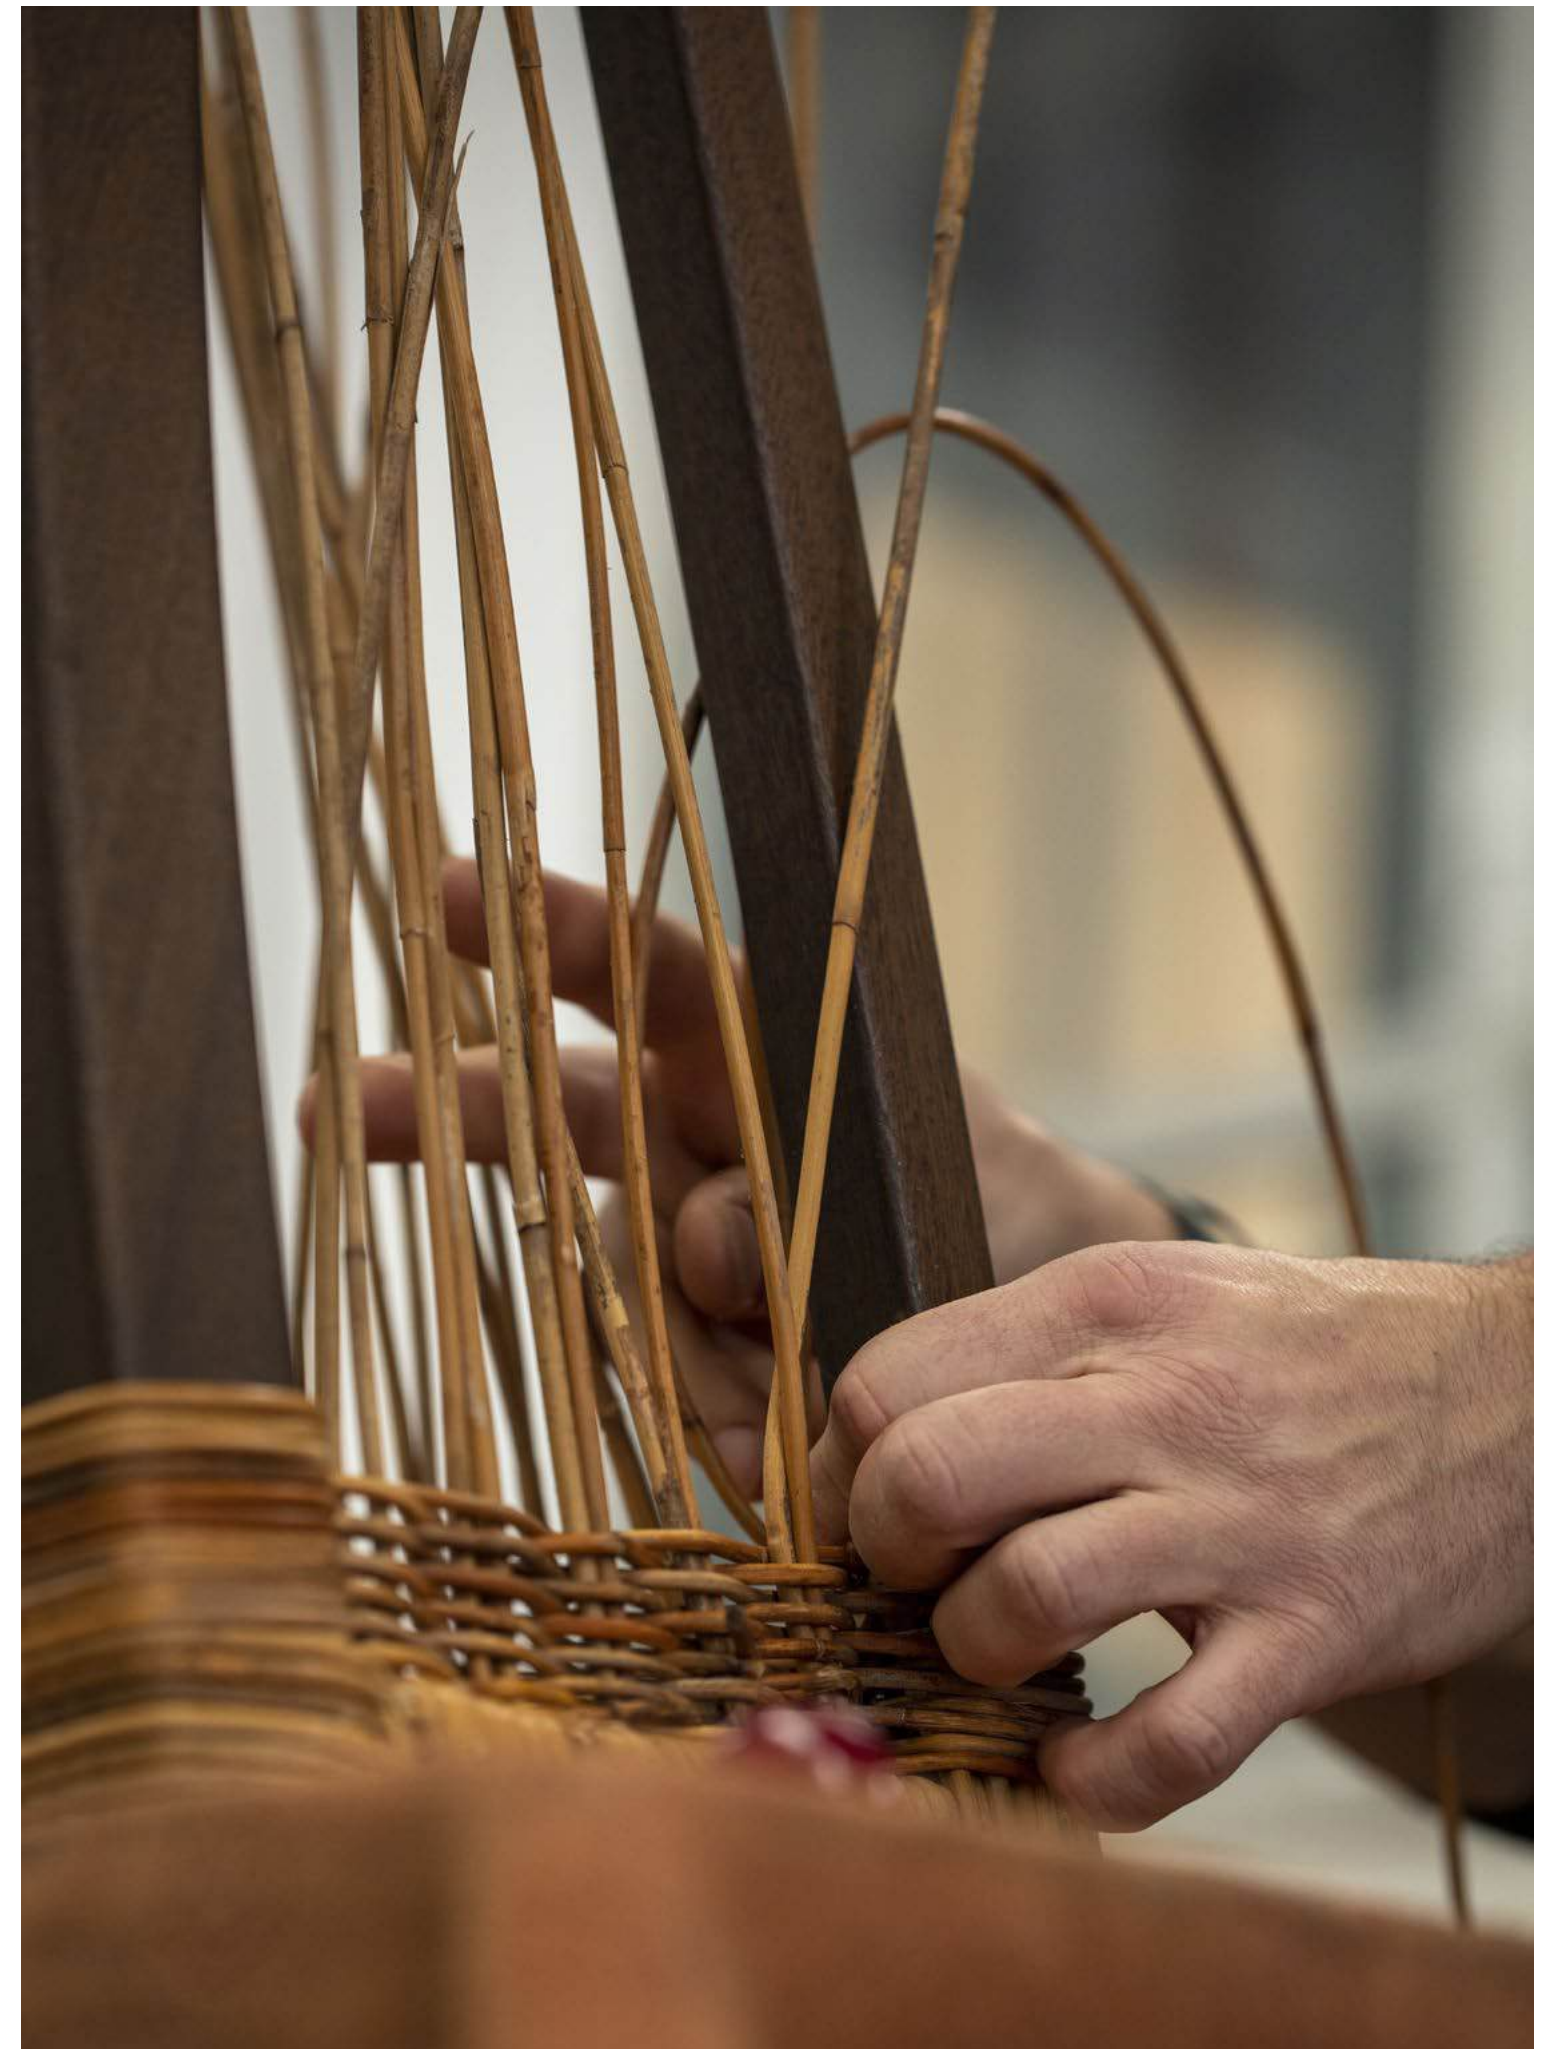

EN Skilled hands transform raw materials into objects that tell a story of everyday beauty. Wood, marble, stone, metals, and fabrics become surfaces to explore, canvases upon which Exteta's artisanal gestures and design vision intertwine. It is within this balance that a contemporary way of living takes shape—defined by comfort, elegance, and functionality. From material selection to the final workmanship, each phase is part of a precise process: every creation is designed to be consistently comfortable, long-lasting over time, and resilient in any environment.

But above all, it is the highly bespoke nature of this manufacturing approach that makes each piece unique: every furnishing element can be customized down to the smallest detail, shaped according to individual desires and the identity of the space it inhabits. Because at Exteta, excellence is always something authentic and unrepeatable.

IT Mani esperte trasformano dunque le materie prime in oggetti che raccontano un'idea di bellezza quotidiana. Legno, marmo, pietra, metalli e tessuti diventano superfici da esplorare, tele su cui si intrecciano il gesto artigianale e la visione progettuale di Exteta. È in questo equilibrio che prende forma un abitare contemporaneo fatto di comfort, eleganza e funzionalità. Dalla scelta dei materiali alla lavorazione finale, ogni fase è parte di un processo accurato: ogni creazione è ideata per essere confortevole sempre, durevole nel tempo, resistente in ogni contesto. Ma è soprattutto la natura altamente sartoriale di questo approccio manifatturiero a rendere ogni pezzo unico: ogni arredo può essere personalizzato nei minimi dettagli, modellato sui desideri individuali e sull'identità dello spazio che lo accoglie. Perché l'eccellenza, da Exteta, è sempre un fatto autentico e irripetibile.

Collaborations

EN A shared passion, a creative dialogue born from kindred visions and translated into furnishings rich in allure. Exteta intertwines its identity with that of brands and designers from the world of luxury and fine craftsmanship, giving rise to collaborations that become fertile ground for exploring new forms, new languages, new emotions. It is in this refined exchange that the brand's values—artisanal excellence, aesthetic research, and attention to detail—are reinterpreted through contemporary proposals capable of expanding Exteta's expressive boundaries and enriching its universe of style. Original collections and re-editions by design masters come together in a narrative in constant evolution, where history and innovation coexist in perfect harmony.

IT Una passione condivisa, un dialogo creativo che nasce da visioni affini e si traduce in opere d'arredo ricche di fascino. Exteta intreccia la propria identità con quella di marchi e designer provenienti dal mondo del lusso e dell'alto artigianato, dando vita a collaborazioni che diventano terreno fertile per esplorare nuove forme, nuovi linguaggi, nuove emozioni. È in questa contaminazione raffinata che i valori del brand – l'eccellenza artigianale, la ricerca estetica, l'attenzione al dettaglio – vengono reinterpretati attraverso proposte contemporanee, in grado di espandere i confini espressivi di Exteta e di arricchire il suo universo di stile. Collezioni inedite e riedizioni d'autore si affiancano in un racconto in continua evoluzione, dove storia e innovazione convivono in perfetto equilibrio.

Exteta × Riva

EN A lifestyle inspired by the nautical world. An exclusive collaboration that elevates contemporary elegance. Exteta x Riva is the new outdoor furniture collection that brings the iconic charm of boating into the world of living, transforming every space into an experience of pure style. Designed by Massimo Castagna, the collection draws inspiration from the most authentic soul of Riva—the skilled craftsmanship of Carlo Riva, the timeless myth of the 1960s “Dolce Vita,” and the extraordinary artisanal mastery of his boats. A story reinterpreted with modern sensitivity through Exteta’s design vision, which conveys its essence through details, materials, and proportions. From the refinement of precious Sapelli mahogany, enhanced by the sheen of stainless steel, comes a complete and coherent collection where design and memory merge into a new, sophisticated interpretation of outdoor living.

IT Uno stile di vita ispirato al mondo nautico. Una collaborazione esclusiva che sublima l'eleganza contemporanea. Exteta x Riva è la nuova collezione di arredi outdoor che trasferisce il fascino iconico della nautica nel mondo dell'abitare, trasformando ogni ambiente in un'esperienza di puro stile. Firmata da Massimo Castagna, la collezione trae ispirazione dall'anima più autentica di Riva – la sapiente manifattura di Carlo Riva, il mito intramontabile della “Dolce vita” degli anni Sessanta, l'altissima artigianalità delle sue imbarcazioni. Una storia reinterpretata con sensibilità moderna dalla visione progettuale di Exteta, che ne traduce l'essenza attraverso dettagli, materiali e proporzioni. Dalla raffinatezza del pregiato mogano Sapelli, esaltata dalla lucentezza dell'acciaio inox, nasce una collezione completa e coerente, in cui design e memoria si fondono in una nuova, sofisticata interpretazione del vivere all'aperto.

Loro Piana Interiors, The Delight Chairs by Exteta

EN Creating refined design objects through the use of noble materials: from this shared vision comes Loro Piana Interiors, The Delight Chairs by Exteta, a collection that unites the timeless elegance of Loro Piana fabrics with Exteta's design and artisanal mastery. At the heart of the project lies the essence of "quiet luxury," the stylistic hallmark of Loro Piana's fashion collections: a whispered elegance, never ostentatious, celebrating the quality of raw materials, exclusive workmanship, and an aesthetic that transcends trends. Designed by Paola Navone OTTO Studio, the collection tells the story of an exceptional encounter: the sophisticated weaves of Loro Piana Interiors fabrics intertwine with the artistry of Exteta, which handcrafts the prized Sapelli mahogany to give form to furnishings with iconic presence.

IT Creare oggetti di design raffinato attraverso l'uso di materiali nobili: è da questa visione condivisa che nasce Loro Piana Interiors, The Delight Chairs by Exteta, una collezione che unisce l'eleganza senza tempo dei tessuti Loro Piana alla maestria progettuale e artigianale di Exteta. Al centro della proposta si rivela l'essenza del "quiet luxury", cifra stilistica che definisce le collezioni moda di Loro Piana: un'eleganza sussurrata, mai ostentata, che celebra la qualità delle materie prime, le lavorazioni esclusive e un'estetica in grado di oltrepassare le mode. Disegnata da Paola Navone OTTO Studio, la collezione racconta un incontro d'eccellenza: le trame sofisticate dei tessuti Loro Piana Interiors si intrecciano con l'arte ebanistica di Exteta, che modella a mano il pregiato mogano Sapelli per dare forma ad arredi dalla presenza iconica.

Jacquemus + Exteta, special re-edition of Locus Solus series

EN Authorial design, its visionary force, creativity that travels through time. From this heritage comes the collaboration between Exteta and Jacquemus: a spontaneous, sincere, and subtly ironic encounter that brings back to light an icon of Italian design, reinterpreted with a fresh perspective. The protagonist of this capsule collection is the legendary Locus Solus, designed in 1964 by Gae Aulenti. A collection with a pop spirit, defined by bold lines and vintage charm, now revisited in fabrics and colors with the audacious yet refined touch of Simon Porte Jacquemus—designer, collector, and admirer of Aulenti's work. The stainless steel tubing, shaped into elegant curved profiles, becomes the distinctive signature of the collection, a fil rouge connecting Exteta's craftsmanship with Jacquemus' unconventional aesthetic approach. For a vibrant and daring outdoor proposal that dares to stand out, without ever compromising on quality or essential beauty.

IT Il design d'autore, la sua forza visionaria, la creatività che attraversa il tempo. Da questo heritage nasce la collaborazione tra Exteta e Jacquemus: un incontro spontaneo, sincero e leggermente ironico, che ha riportato alla luce un'icona del design italiano, reinterpretata con uno sguardo nuovo. Protagonista della capsule collection è la leggendaria Locus Solus, disegnata nel 1964 da Gae Aulenti. Una collezione dallo spirito pop, caratterizzata da linee forti e da un fascino vintage, oggi rivisitata nei tessuti e nei colori dal tocco audace e raffinato di Simon Porte Jacquemus, stilista, collezionista e ammiratore dell'opera di Aulenti. Il tubolare in acciaio inox, modellato in eleganti profili curvi, diventa il tratto distintivo della collezione, un fil rouge che unisce il carattere manifatturiero di Exteta all'approccio estetico non convenzionale di Jacquemus. Per una proposta outdoor vivace e audace, che non teme di osare senza rinunciare alla qualità e alla bellezza essenziale.

Designers

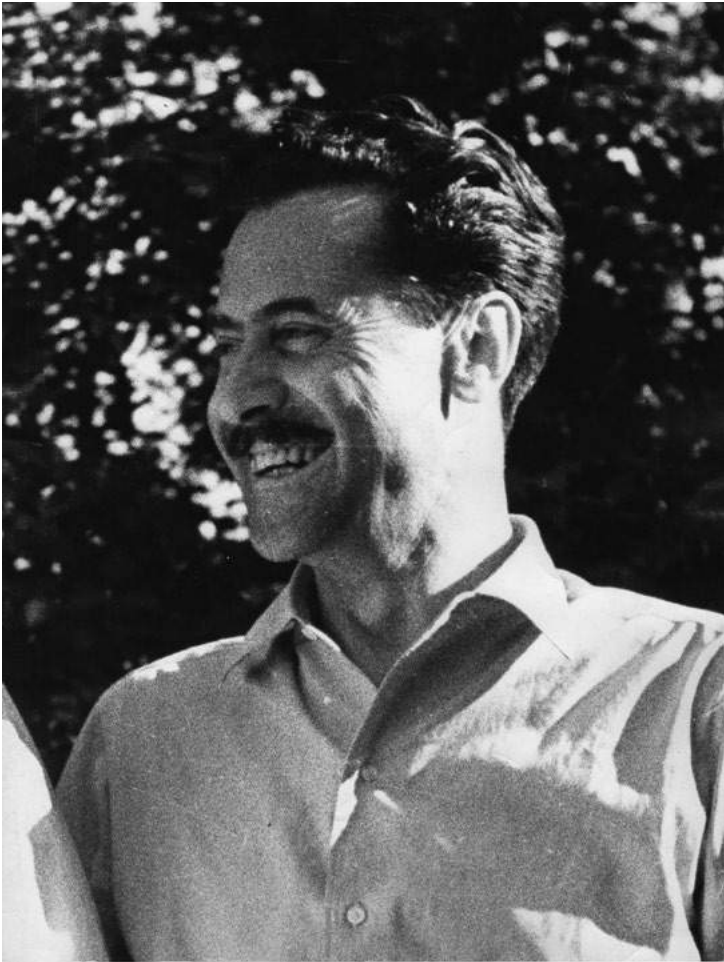

EN Creative experimentation, evolving design languages, and dialogue with the great Masters of design. Since its origins, Exteta has made collaboration with internationally renowned creatives one of the pillars of its identity, shaping a vision of outdoor lifestyle that blends design and craftsmanship, technical innovation and artisanal know-how. The result is a wide-ranging, diverse collection that interprets the brand's values through original creations and signature re-editions. Designers such as Massimo Castagna, Paola Navone OTTO Studio, Ludovica + Roberto Palomba, and Studiopepe work alongside masters like Franco Albini, Gae Aulenti, and Marco Zanuso. A collective narrative made of converging visions and expertise, giving life to collections capable of transcending time and redefining the boundaries of living.

IT Sperimentazione creativa, linguaggi progettuali in continua evoluzione, dialogo con i grandi Maestri del design. Fin dalle sue origini, Exteta ha fatto della collaborazione con i creativi di fama internazionale uno dei pilastri della propria identità, dando forma a un'idea di outdoor lifestyle che unisce design e artigianalità, innovazione tecnica e savoir-faire manifatturiero. Il risultato è una collezione ampia ed eterogenea che interpreta i valori del marchio attraverso proposte inedite e riedizioni d'autore. Designer come Massimo Castagna, Paola Navone OTTO Studio, Ludovica + Roberto Palomba e Studiopepe si affiancano a Maestri come Franco Albini, Gae Aulenti e Marco Zanuso. Un racconto corale, fatto di visioni e saperi che si incontrano, per dar vita a collezioni capaci di attraversare il tempo e i confini dell'abitare.

FRANCO
ALBINI

EN Franco Albini, visionary Italian architect, was born in 1905 in Brianza. After graduating from the Politecnico di Milano, he worked at Giò Ponti's studio, where he connected with leading international figures. A key figure of Italian Rationalism, he was known for the rigor of his design approach and his modern, understated language, always guided by a strong social ethic: the architect as a professional serving the community. He designed museums, exhibitions, furnishings, and contributed to the Milan Metro project. His legacy continues to influence the worlds of design and architecture—a vision of beauty rooted in precision and coherence.

IT Franco Albini, visionario architetto italiano, nasce nel 1905 in Brianza. Dopo la laurea al Politecnico di Milano, lavora nello studio di Giò Ponti, dove entra in contatto con figure di rilievo internazionale. Esponente del razionalismo italiano, è noto per il rigore del suo approccio progettuale e per il linguaggio moderno e silenzioso, sempre guidato da una forte etica sociale: l'architetto come professionista al servizio della comunità. Ha firmato musei, allestimenti, arredi e contribuito alla progettazione della metropolitana di Milano. La sua eredità continua a influenzare il mondo del design e dell'architettura: un'idea di bellezza fondata su precisione e coerenza.

GAE AULENTI

EN Gaetana Emilia Aulenti, known as Gae, was born in 1927 in Friuli. A graduate in Architecture from the Politecnico di Milano, she worked in industrial, interior, and exhibition design, creating museums and iconic objects that became status symbols. A leading figure in a male-dominated field, she transformed spaces and reimagined ways of living. Among her most renowned works: the Gare d'Orsay, the Centre Pompidou Gallery, and the Scuderie del Quirinale. Her bold, often unconventional style embraced strong materials, clean lines, and spaces that tell stories. A reference point for generations of architects, she showed how architecture can be poetic, daring, and deeply human.

IT Gaetana Emilia Aulenti, in arte Gae, nasce nel 1927 in Friuli. Laureata in Architettura al Politecnico di Milano, si è occupata di industrial, interior ed exhibition design, firmando musei e oggetti iconici divenuti status symbol. Figura influente in un settore dominato dagli uomini, ha saputo trasformare gli spazi e reinventare il modo di abitare. Tra i suoi progetti più noti: la Gare d'Orsay, la Galleria del Centre Pompidou e le Scuderie del Quirinale. Il suo stile, deciso e spesso in controtendenza, si esprime attraverso materiali forti, linee nette e ambienti che raccontano storie. Punto di riferimento per generazioni di architetti, ha mostrato come l'architettura possa essere poetica, audace e profondamente umana.

MASSIMO CASTAGNA

EN Massimo Castagna was born in 1957 in Lombardy. After graduating in Architecture from the Politecnico di Milano, he founded the AD Architettura studio in 1986, beginning a path that blends design and architecture into a coherent vision. He has extensive experience in designing residential and commercial buildings, hotels, interiors, and furniture, along with roles as consultant and art director for leading companies. Among his key works is the “Piramide” laboratory for the Everest-K2-CNR scientific committee, built in Nepal at 5,050 meters. With an integrated vision, he merges architecture and design into a language of creative coherence and design freedom.

IT Massimo Castagna nasce nel 1957 in Lombardia. Dopo la laurea in Architettura al Politecnico, fonda nel 1986 lo studio AD Architettura, dando avvio a un percorso che unisce design e architettura in una visione coerente. Vanta una lunga esperienza nella progettazione di edifici residenziali, commerciali, hotel, interior design e arredi, oltre a collaborazioni come consulente e direttore artistico per aziende del settore. Tra i progetti principali, il laboratorio “Piramide” per il comitato scientifico Everest-K2-CNR, realizzato in Nepal a 5.050 metri. Con una visione integrata, ha saputo fondere architettura e design in un linguaggio di libertà progettuale e coerenza creativa.

MAXIME D'ANGEAC

EN Maxime d'Angeac is an architect, graduate of the École des Beaux-Arts and member of French Architects' Association. After nearly twenty years devoted to classical architecture, enriched by travel and experience in Parisian stages, fashion shows and events, he joined Hilton McConnico on Hermès projects before opening his own agency in 1992. His work spans stage design, luxury retail for names such as Guerlain and Sonia Rykiel, technical projects including the American Hospital in Paris, and refined private residences, châteaux and stud farms. Since 2021 he has designed the new Orient Express train and Corinthian sailing yacht, becoming the brand's artistic director in 2023. His rigorous, precise approach extends from architecture to interiors and furniture, reinterpreting decorative heritage into timeless forms.

IT Maxime d'Angeac è architetto, diplomato all'École des Beaux-Arts e membro dell'Ordine degli Architetti francese. Dopo quasi vent'anni dedicati allo studio dell'architettura classica, arricchiti da viaggi ed esperienze sui palcoscenici parigini, nelle sfilate di moda e negli eventi, collabora con Hilton McConnico a progetti per Hermès prima di aprire il proprio studio nel 1992. La sua opera spazia dagli allestimenti ai progetti retail di lusso per nomi come Guerlain e Sonia Rykiel, fino a interventi tecnici come l'American Hospital di Parigi e a raffinate residenze private, châteaux e scuderie. Dal 2021 disegna il nuovo treno Orient Express e lo yacht a vela Corinthian, diventando direttore artistico del brand nel 2023. Il suo approccio rigoroso e preciso si estende dall'architettura agli interni e al design del mobile, reinterpretando il patrimonio decorativo in forme senza tempo.

Al Mare **165 - 167**

PAOLA NAVONE OTTO STUDIO

EN Paola Navone was born in Turin, where she studied architecture at the Politecnico. In Milan, she worked with great masters such as Mendini, Sottsass, and Branzi, expanding her techniques, visions, and references. Architect, product designer, art director, and interior designer, she is a multifaceted figure and a true citizen of the world. Her stimulating and innovative language earned her the Osaka Design Award as early as 1983. She has signed numerous international projects for hotels, restaurants, and public spaces. Frank, dreamy, and eclectic, her work blends the colors of the Global South with Western traditions. She founded Otto Studio and collaborates with major names in contemporary design.

IT Paola Navone nasce a Torino, dove studia architettura al Politecnico. A Milano lavora con grandi maestri come Mendini, Sottsass e Branzi, ampliando tecniche, visioni e riferimenti. Architetto, product designer, art director e interior designer, è una figura poliedrica e cittadina del mondo. Il suo linguaggio stimolante e innovativo le vale, già nel 1983, il Design Award di Osaka. Firma numerosi progetti internazionali per hotel, ristoranti e spazi pubblici. Schietta, sognatrice ed eclettica, nei suoi lavori unisce i colori del Sud del mondo alle tradizioni dell'Occidente. Fonda lo studio Otto e collabora con le firme più importanti del design contemporaneo.

LUDOVICA SERAFINI + ROBERTO PALOMBA

EN Ludovica Serafini and Roberto Palomba, architects, live and work in Milan. In 1994, they founded Palomba Serafini Associati. They design architecture and exhibitions worldwide, collaborate with major brands, and oversee art direction. Their furniture features organic yet defined forms, exploring all types of design. Their approach is philosophical, seeking essence, balance, and conceptual well-being—not just aesthetic results. Their style is creative yet controlled, with a free and cross-disciplinary language. Their work stems from analyzing evolving behaviors. They have received numerous awards, including the Compasso d'Oro, Red Dot, and EDIDA.

IT Ludovica e Roberto Palomba, architetti, vivono e lavorano a Milano. Nel 1994 fondano Palomba Serafini Associati. Progettano architetture ed esposizioni in tutto il mondo, collaborano con importanti brand e curano direzioni artistiche. Disegnano arredi dalle forme organiche e definite, esplorando tutte le tipologie. Il loro approccio è filosofico: cercano l'essenza, l'equilibrio e il benessere concettuale, non solo il risultato estetico. Si distinguono per un segno creativo e controllato, un lessico libero e trasversale. I loro progetti nascono dall'analisi dei cambiamenti nei comportamenti. Hanno ricevuto numerosi premi, tra cui il Compasso d'Oro, il Red Dot e l'EDIDA.

STUDIOPEPE

EN Studiopepe is one of the most eclectic names in Milanese design. Driven by a passion for alchemy, pastel tones, and materials, Arianna Lelli Mami and Chiara Di Pinto founded the studio in 2006. Their projects, marked by strong visual impact, span interiors, product design, art direction, and installations, with a multidisciplinary approach rooted in research and experimentation. This all-female studio creates concepts for boutiques, hotels, homes, and artistic projects. Poetic yet rigorous, their design stands out for its consistent vision and strong, essential forms that embrace diverse fields with style and coherence.

IT Studiopepe è una delle firme più eclettiche del design milanese. Ispirate da una passione per l'alchimia, i colori pastello e i materiali, Arianna Lelli Mami e Chiara Di Pinto fondano lo studio nel 2006. I loro progetti, dal forte impatto estetico, spaziano tra interior, prodotto, direzione artistica e installazioni, con un approccio multidisciplinare fondato su ricerca e sperimentazione. Lo studio, tutto al femminile, realizza concept per negozi, hotel, abitazioni e progetti artistici. Poetico ma rigoroso, il loro design si distingue per una visione coerente e segni forti dal valore essenziale, che abbracciano ambiti diversi con stile e coerenza.

MARCO
ZANUSO

EN Marco Zanuso was born in Milan in 1926. Architect, designer, urbanist, and academic, he stood out for his innovative approach. A founder of industrial design, he explored mass production and the use of new materials and technologies for everyday objects. He experimented with techniques from the automotive sector to simplify furniture production. He created iconic pieces winning seven Compasso d'Oro and six Triennale awards. Beyond furniture, he designed radios, phones, TVs, and sewing machines. He was editor-in-chief of Domus and co-founder of ADI.

IT Marco Zanuso nasce a Milano nel 1926. Architetto, designer, urbanista e accademico, si distingue fin da subito per un approccio innovativo. Tra i fondatori del design industriale, studia la produzione seriale e l'uso di nuovi materiali e tecnologie applicati agli oggetti di uso quotidiano. Sperimenta tecniche derivate dal settore automobilistico per semplificare la produzione di arredi. Ha firmato oggetti iconici premiati con sette Compassi d'Oro e sei riconoscimenti alla Triennale di Milano, oggi esposti al MoMA di New York e alla Collezione Permanente della Triennale. Oltre agli arredi, ha disegnato radio, telefoni, TV e macchine per cucire. È stato caporedattore di Domus e co-fondatore dell'ADI.

Products

10TH BRIDGE TABLE
Massimo Castagna

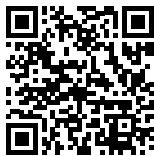

EN The Bridge Table is a sculptural piece in oxidized metal, defined by an extremely thin rectangular top. Its monolithic legs fit into the carved perimeter, while the glossy finish reflects light, transforming the surface into a shifting landscape of depth, texture and refined elegance.

IT Il Bridge Table è una scultura in metallo ossidato, definita da un piano rettangolare estremamente sottile. Le gambe monolitiche si innestano nel perimetro scavato, mentre la finitura lucida riflette la luce, trasformando la superficie in un paesaggio mutevole di profondità, texture ed eleganza.

Massimo Castagna

EN The table designed by Exteta and Riva from the collection reinterprets the concept and design of a classic yacht deck: an outdoor living space that brings you into close contact with natural materials and the surrounding landscape.

IT Il tavolo della collezione firmata Exteta e Riva reinterpreta nel concept e nel design il ponte di un classico yacht: uno spazio da vivere all'aria aperta, a stretto contatto con la naturalità dei materiali e del paesaggio.

DIMENSIONS	150×150×h75 cm
TOP	sapelli mahogany
LEGS	polished stainless steel 316

EXTETA X RIVA TABLE
RIVA DECK
Massimo Castagna

EN The table designed by Exteta and Riva from the collection reinterprets the concept and design of a classic runabout's iconic elements: an outdoor living space that brings you into close contact with natural materials and the surrounding landscape.

IT Il tavolo della collezione firmata Exteta e Riva reinterpreta nel concept e nel design gli elementi iconici di un classico motoscafo: uno spazio da vivere all'aria aperta, a stretto contatto con la naturalità dei materiali e del paesaggio.

DIMENSIONS	80×80×75 / 100×100×65/75 / 150×150×75 cm
TOP	sapelli mahogany, maple wood
LEG	stainless steel 316

EXTETA X RIVA FOLDABLE CHAIR
Massimo Castagna

EN This folding chair combines mahogany and stainless steel, echoing the iconic Riva boats. Handcrafted and hand-finished to enhance its natural beauty, it unites warmth and strength in a design that evokes the sea with timeless elegance, refined nautical precision and enduring outdoor durability.

IT Questa sedia pieghevole unisce mogano e acciaio inox, richiamando le iconiche barche Riva. Realizzata e rifinita a mano per esaltarne la bellezza naturale, combina calore e resistenza in un design che evoca il mare con eleganza senza tempo, precisione nautica e durabilità outdoor.

STRUCTURE	sapelli mahogany, stainless steel 316
INTERNAL LINING	waterproof and breathable fabrics
EXTERNAL LINING	fabric or leather
FEET	stainless steel 316, PVC

EXTETA X RIVA LAMP
Massimo Castagna

EN The Exteta x Riva Lamp was conceived as a small, wireless and rechargeable table sculpture made of polished stainless steel with a touch sensor for switching on and off.

IT Exteta x Riva Lamp: una piccola scultura da tavolo realizzata in acciaio inox lucidato, wireless e ricaricabile, dotata di sensore touch per un'accensione intuitiva.

DIMENSIONS	14×16×33 cm
STRUCTURE	stainless steel 316
LED	2.5 W, 190/200 lm/W

EXTETA X RIVA LOUNGE CHAIR
Massimo Castagna

EN Taking inspiration from the sofa in the collection, the Lounge Chair reinterprets its enveloping, slender design in a more compact version. In the padded armrest version, the side contour follows the shape of the silhouette, while in the mahogany version, the volume appears lighter and airier.

IT La Lounge Chair reinterpreta in chiave compatta il divano della collezione. Il concept si esprime con forza nei braccioli: nella versione imbottita, un profilo laterale ne tratteggia la silhouette; nella variante in mogano, il volume si fa più leggero e arioso.

DIMENSIONS	104×87×79 cm
STRUCTURE	stainless steel, aluminium
PADDING	variable-density high resilience polyurethane comfort foams
INTERNAL LINING	waterproof and breathable fabrics
EXTERNAL LINING	fabric or leather fabric
FEET	aluminium

EXTETA X RIVA ROUND COFFEE TABLES
CLASSIC

Massimo Castagna

EN The Exteta x Riva Round Coffee Table pays tribute to artisanal craftsmanship. Crafted from solid Sapelli mahogany, it features a three-leg base supporting a circular top with luminous grain. Elegant on its own or paired in different sizes, it defines spaces with timeless strength and character.

IT L'Exteta x Riva Round Coffee Table rende omaggio alla maestria artigianale. Realizzato in mogano Sapelli massello, presenta una base a tre gambe che sostiene un piano circolare dalle venature luminose. Raffinato da solo o accostato in diverse dimensioni, definisce gli spazi con forza e carattere senza tempo.

MOONLIGHT ARMCHAIR
Paola Navone OTTO Studio

EN Moonlight Armchair, crafted in bronze or anticorodal aluminum casting, it combines strength and lightness for outdoor living. Its slender frame embraces soft cushions, while the finishes— the living patina of bronze or corrosion-resistant aluminum—reveal timeless elegance and sculptural beauty.

IT Moonlight Armchair, realizzata in bronzo o alluminio anticorodal, unisce forza e leggerezza per l'outdoor. La struttura sottile accoglie morbide imbottiture, mentre la patina del bronzo o l'alluminio resistente alla corrosione ne esaltano eleganza e bellezza scultorea.

DIMENSIONS	87x89x70 / 86x92x85 cm
STRUCTURE	anticorodal aluminium / bronze, SEATBACK and SEAT: variable-density high
.....	resilience polyurethane comfort foams, low coefficient of friction siliconised microfibre
TOP INTERNAL LINING	waterproof fabric
BOTTOM INTERNAL LINING	water repellent and breathable fabric
FEET	POM-C

MOONLIGHT DINING TABLE
Paola Navone OTTO Studio

EN This table fuses industrial and space-age styles with sculptural forms and bold materials. Aluminum or bronze frame, sand-cast for unique detail. A marble top completes the design, highlighting contrast between surfaces and textures.

IT Il tavolo Moonlight unisce stile industrial e space age con forme scultoree e materiali decisi. Struttura in alluminio o bronzo, fuso in sabbia naturale per dettagli unici. Il piano in marmo completa il design, esaltando il contrasto tra superfici e texture.

DIMENSIONS	300×130×h75 cm
STRUCTURE	powder coated stainless steel
TOP	marble, stone
LEGS	anticorodal aluminium, bronze

MOONLIGHT SOFA
Paola Navone OTTO Studio

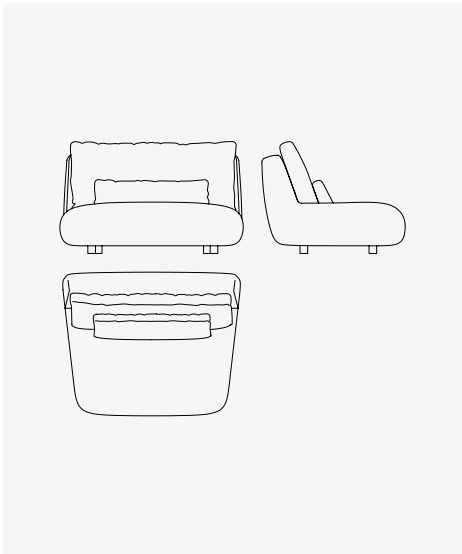

EN The Moonlight Sofa expresses outdoor freedom through high-resilience foam, waterproof fabrics and breathable protection for lasting comfort. Modular and versatile, with or without armrests, it adapts beautifully to beach clubs and poolside areas, combining sculptural lines with welcoming softness.

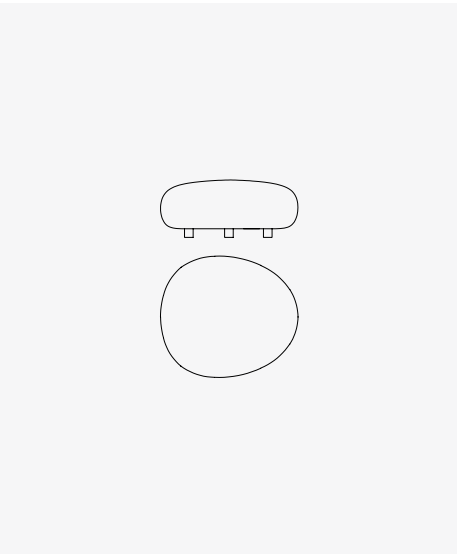

IT Moonlight Sofa esprime la libertà outdoor attraverso imbottiture in schiuma ad alta resilienza, tessuti impermeabili e protezione traspirante per un comfort duraturo. Modulare e versatile, con o senza braccioli, si adatta a beach club e aree piscina, unendo linee scultoree e morbidezza accogliente.

PARAGGI
Ludovica + Roberto Palomba

EN Paraggi recalls 1960s elegance through vintage-inspired lines, combining retro charm with modern detailing. Reinterpreting the classic beach chair in Sapelli mahogany, it features a woven leather or outdoor fabric seat with cushion and side pocket, ensuring comfort, function and outdoor style.

IT Paraggi richiama l'eleganza degli anni Sessanta attraverso linee d'ispirazione vintage, unendo fascino rétro e dettagli moderni. Reinterpreta la classica sedia da spiaggia in mogano Sapelli, con seduta in pelle intrecciata o tessuto outdoor, cuscino e tasca laterale, per comfort, funzione e stile.

DIMENSIONS	118×125×110 cm
STRUCTURE	sapelli mahogany, fabric/saddle leather
HARDWARE	stainless steel

PARAGGI YACHT CHAIR
Ludovica + Roberto Palomba

EN A tribute to Italian summers of the Sixties, this collection reinterprets the director's chair with a vintage yet modern spirit. Hand-finished Sapelli mahogany defines its linear frame, with glossy or matt finishes, while woven leather or outdoor fabric seats add elegance and versatile comfort.

IT Omaggio alle estati italiane degli anni Sessanta, questa collezione reinterpreta la sedia da regista con spirito vintage e moderno. Il mogano Sapelli rifinito a mano definisce la struttura lineare, lucida o opaca, mentre pelle intrecciata o tessuto outdoor aggiungono eleganza e comfort.

DIMENSIONS	51×53×85 cm
STRUCTURE	sapelli mahogany
HARDWARE	stainless steel 316
FEET	sapelli mahogany, stainless steel 316, PVC

PERISCOPIO ARMCHAIR
Studiopepe

EN Iconic and eclectic, the Periscopio Armchair reinterprets '70s style codes with boldness and freedom. Its central body, made of five padded tubes lined up, plays with modularity and expresses curvilinear design experimentation.

IT Iconica ed eclettica, la poltrona Periscopio reinterpreta i codici stilistici anni '70 con audacia e libertà creativa. Cinque tubi imbottiti affiancati compongono la sua forma centrale, in un gioco modulare che esprime sperimentazione e design curvilineo.

DIMENSIONS	85×100×72 cm
STRUCTURE	PE, EPS, polyurethane foam at different densities
INTERNAL LINING	waterproof and breathable fabrics
EXTERNAL LINING	fabric or leather
FEET	stainless steel

PERISCOPIO SOFA
Studiopepe

EN Periscopio Sofa is an expressive couch that channels '70s design with a series of padded tubes aligned side by side. Suitable for both indoor and outdoor, it combines seriality and dynamic style, especially in multiples or paired with the collection's coffee tables.

IT Periscopio Sofa è un divano espressivo che richiama il design anni '70 con una sequenza di tubi imbottiti affiancati. Ideale per outdoor e indoor, unisce serialità e dinamismo, soprattutto in composizioni multiple o abbinato ai coffee table della linea.

SERELE COFFEE TABLES
Studiopepe

SHELL ARMCHAIR
Studiopepe

EN Serele tables recall a Morandi painting's balance, with geometric lines, softened corners, and neutral tones. Half-cylinder legs fit into the top. Available in marble or stone, in three sizes, they suit outdoor environments perfectly.

IT Linee geometriche, angoli smussati e toni neutri definiscono i tavolini Serele, ispirati all'equilibrio di un dipinto di Morandi. Le gambe, cilindri dimezzati, si incastrano nel top. In marmo o pietra e tre dimensioni, sono ideali per l'outdoor.

DIMENSIONS ϕ 120×h33 cm / ϕ 70×h45 cm / ϕ 40×h55 cm
STRUCTURE marble / stone

EN The Shell armchair by Studiopepe embraces the body with fluid lines inspired by a seashell. Clad in saddle leather with a stainless steel frame, it blends comfort and rigor in timeless elegance that celebrates craftsmanship.

IT La poltrona Shell di Studiopepe avvolge il corpo con linee fluide ispirate alla forma di una conchiglia. Rivestita in pelle selleria e con struttura in acciaio inox, unisce comfort e rigore formale in un'eleganza senza tempo che celebra la maestria artigianale.

DIMENSIONS 84×72×77 cm
STRUCTURE stainless steel, saddle leather, internal padding

SHELL CHAIR
Studiopepe

EN “More than a seat, it’s a gesture”: this is how Studiopepe describes the Shell Chair, inspired by a seashell. Enveloping and sculptural, it echoes the armchair with saddle leather, stainless steel, and artisanal care.

IT “Più che una seduta, è un gesto”: così Studiopepe descrive la Shell Chair, ispirata alla forma di una conchiglia. Avvolgente e scultorea, riprende materiali e linee della poltrona omonima: rivestita in pelle selleria, con struttura in acciaio inox e cura artigianale.

DIMENSIONS66×58×83 cm
STRUCTURE stainless steel, saddle leather, internal padding

SHELL COFFEE TABLES
Studiopepe

EN The Shell Coffee Tables table integrates discreetly between the seats, offering a spacious and refined surface. Made of 316 stainless steel upholstered in saddle leather, it combines solidity and materiality for an elegant outdoor relaxation area.

IT Gli Shell Coffee Table si integrano discretamente tra le sedute, offrendo un piano ampio e raffinato. In acciaio inox 316 rivestito in cuoio, unisce solidità e matericità per un’elegante area relax outdoor.

DIMENSIONS 50×41×54 cm
ACCESSORIESstainless steel, saddle leather

SHELL MODULAR SOFA
Studiopepe

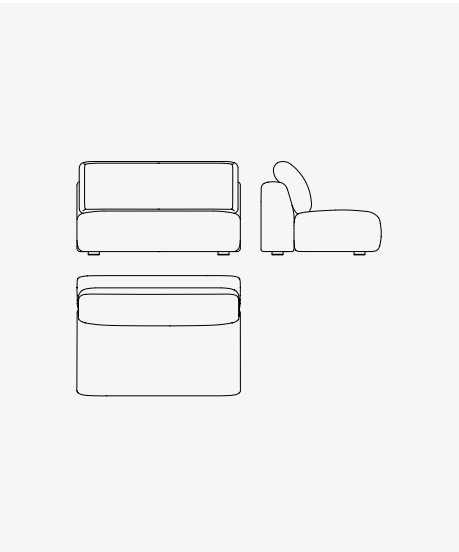

EN The Shell Modular Sofa reinterprets outdoor living with a perfect balance of comfort and formal rigor. Fluid lines, modular elements, and calibrated proportions offer maximum design flexibility. The distinctive leather armrests enhance the softness of the seats with refined elegance.

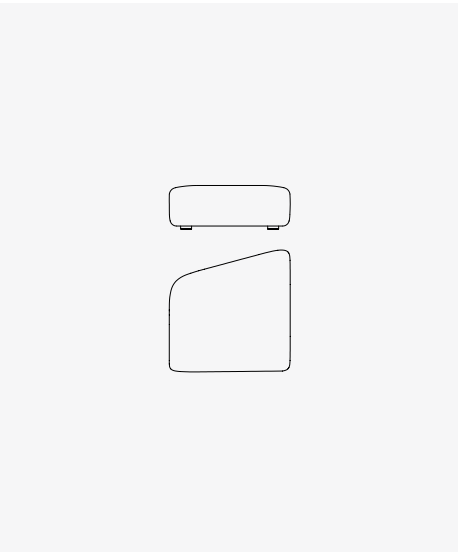

IT Shell Modular Sofa reinterpreta l'outdoor con un equilibrio perfetto tra comfort e rigore formale. Linee fluide, moduli componibili e proporzioni calibrate offrono massima libertà progettuale. I braccioli in cuoio, distintivi e raffinati, esaltano la morbidezza delle sedute.

Materials

FABRICS

EN All fabrics are specifically select-
ed for their quality, performance, and
ease of cleaning. They are engineered
to be resistant to agents such as water,
salinity, sunlight, mold, stains, and high
abrasions while limiting changes in
their appearance, tactile qualities and
color.

IT Tutti i tessuti sono accuratamente
selezionati per la loro qualità, presta-
zioni e facilità di pulizia. Sono proget-
tati per resistere ad agenti quali acqua,
salsedine, luce solare, muffa, macchie e
abrasioni intense, limitando al contem-
po eventuali alterazioni nell'aspetto,
nella texture e nel colore.
